

International Journal of Chemical Engineering and Applications

CONTENTS

Volume 10, Number 4, August 2019

- Anti-amoeba Effect of Branched Medium Chain Fatty Acids and Their Salts on *Acanthamoeba Castellanii*.....96
Haruna Sasaki, Toshinari Koda, and Hiroshi Morita
- Comparison of Effective in Batik Production Process between Paraffin Wax and Gel Wax-Resist..... 101
Sarath Simsiri
- Different Preparation Methods of Ni-FAU(Y) Zeolite for Nitric Oxide Reduction106
P. Worathanakul and N. Rakpasert
- Characterization of Extracellular Polymeric Substance (EPS) from *Cladophora Glomerata* under Different Culture Salinities 110
Yi-Chao Lee, Hwey-Lin Sheu, and Shui-Ping Chang
- Synergistic Extraction of Cd, Cu and Ni with D2EHPA/TBP: Screening of Factors by Fractional Factorial Design 114
L. Y. Lee, N. Morad, N. Ismail, and M. Rafatullah
- Application of Non Ionic Surfactant – Alkylpolyglucoside as Chemical Flooding..... 121
Agnesya Putri Gustianthy, Yuni Krisyuningsih Krisnandi, and Usman
- Comparison of EPS Extraction Efficiencies from *Cladophora Glomerata* by Two Chemical Extraction Methods ... 126
Hwey-Lin Sheu, Shui-Ping Chang, and Yi-Chao Lee
